

Tuloso – Midway Independent School District
Post Office Box 10900 Corpus Christi, Texas 78460-0900

To: Board of Trustees
From: Suzanne J. Nelson, Ed.D Superintendent
Subject: **Annual Report of Board Member Continuing Education Training Credit - Hours
Calendar Year 2016**
Date: December 11, 2017

Background Information and Rationale:

State Board of Education rules require board members annually to participate in continuing education in fulfillment of assessed needs. In the first year of service, board members must receive at least eight hours of continuing education in fulfillment of assessed needs, in which three (3) hours must be teambuilding for the team of eight. HB2563 directs the board, at the last regular meeting of the calendar year, to include in the minutes whether each trustee has completed all the training required as found in BBD LEGAL. Following the first year of service, board members must receive at least five hours of continuing education annually in fulfillment of assessed needs.

Experienced Board members: Paul Mostella, Felix Landin, Stephen Hoelscher, Kim Johnson, Jan Mostella, and John Samaniego, have exceeded the five (5) hours of training required by State Board rule; Attendance has also been included for meeting of record.

Deficiency for this reading:

- Teambuilding for the Team of Eight.
- Legislative Update
- No Hours completed for a member of the board, Billy Lerma, as he has been out due to medical reasons

Support of Board Goals:

By actively pursuing and participating in TASB, ESC2, and other legislative conferences, educational seminars and other areas of continuing education, board members support all District goals.

Respectfully submitted,

Dr. Suzanne J. Nelson, Superintendent of Schools
