

TULOSO-MIDWAY INDEPENDENT SCHOOL DISTRICT

Dr. Rick Fernandez, Superintendent

TMISD Parents and Students,

I wanted to provide you an update regarding our district facilities and the return to campus for students and staff. Although we are all eager to welcome our students back to school, there are a few items we are still addressing across the district.

After a thorough review of TMISD buildings, campuses, and operating systems, we do not have any major facility damage to report. However, the district's internet sustained damage, is currently offline, and will need to be repaired. Additionally, we want to ensure our nutrition services, operations, and staff have an opportunity to thoroughly prepare for the return of students.

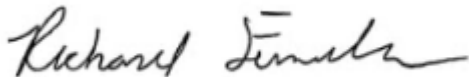

After much discussion, we have decided that **Monday, Feb. 22 will be a staff work day** (no student instruction either on-campus or remote). **On-campus instruction and TMISD remote learning will resume on Tuesday, Feb. 23.** Extracurricular activities will continue next week as previously scheduled.

It is important to note that this adjustment in our calendar **may** cause TMISD to repurpose a future staff development day and change it to a regular school day. Our team will thoroughly review the school calendar as well as any lost instructional time and alert parents and students should an adjustment be needed.

Please continue to monitor the TMISD website and the district's social media channels for additional updates and information.

We appreciate your continued support and we are excited to receive students on Tuesday, Feb. 23!

Respectfully,

Dr. Rick Fernandez
TMISD Superintendent
